

Wireframe Designs

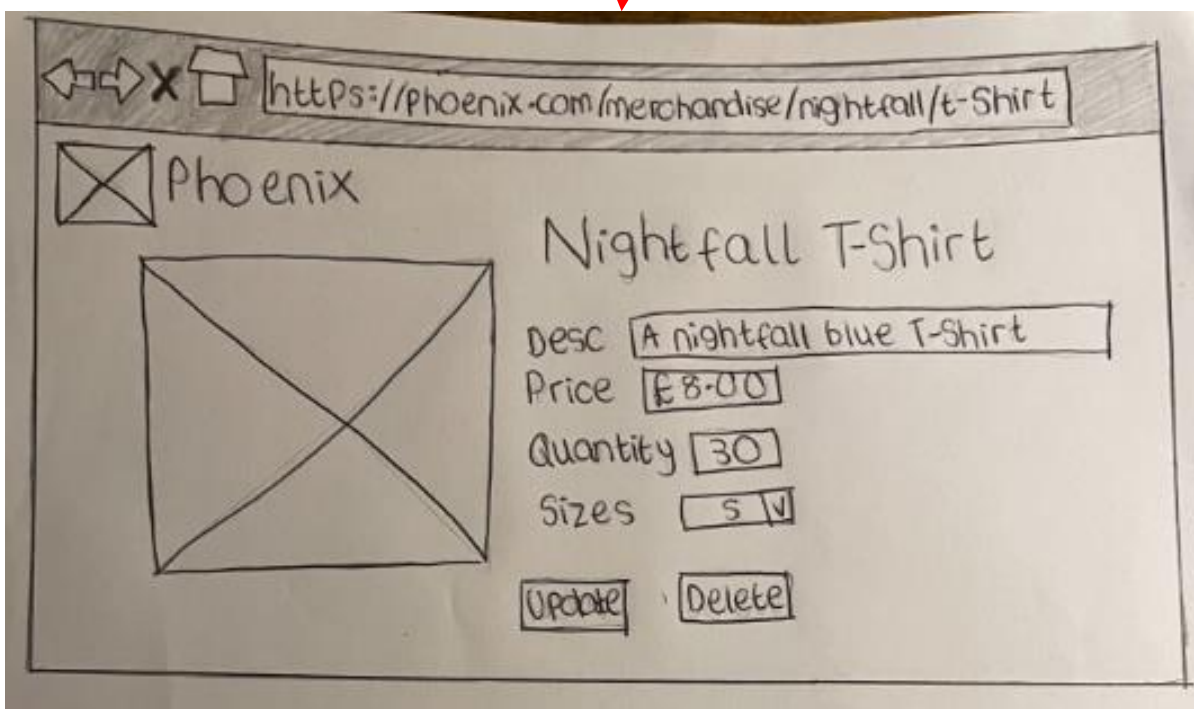

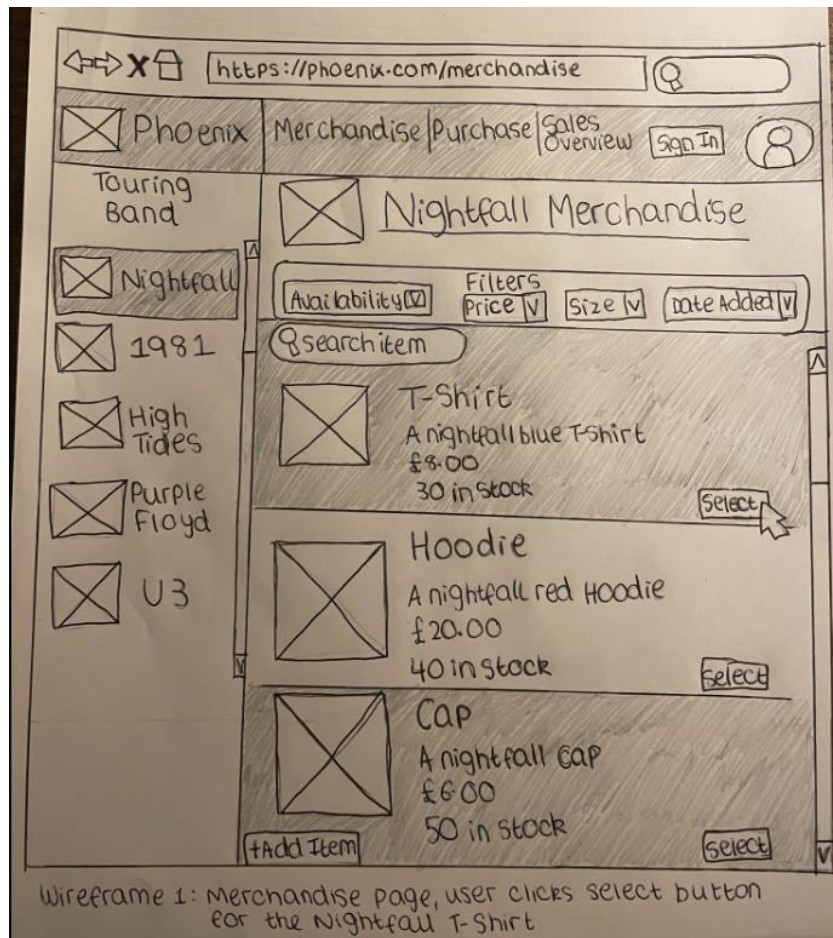

The white boxes with crosses in them represent images.

Stock/Merchandise "Check in" page

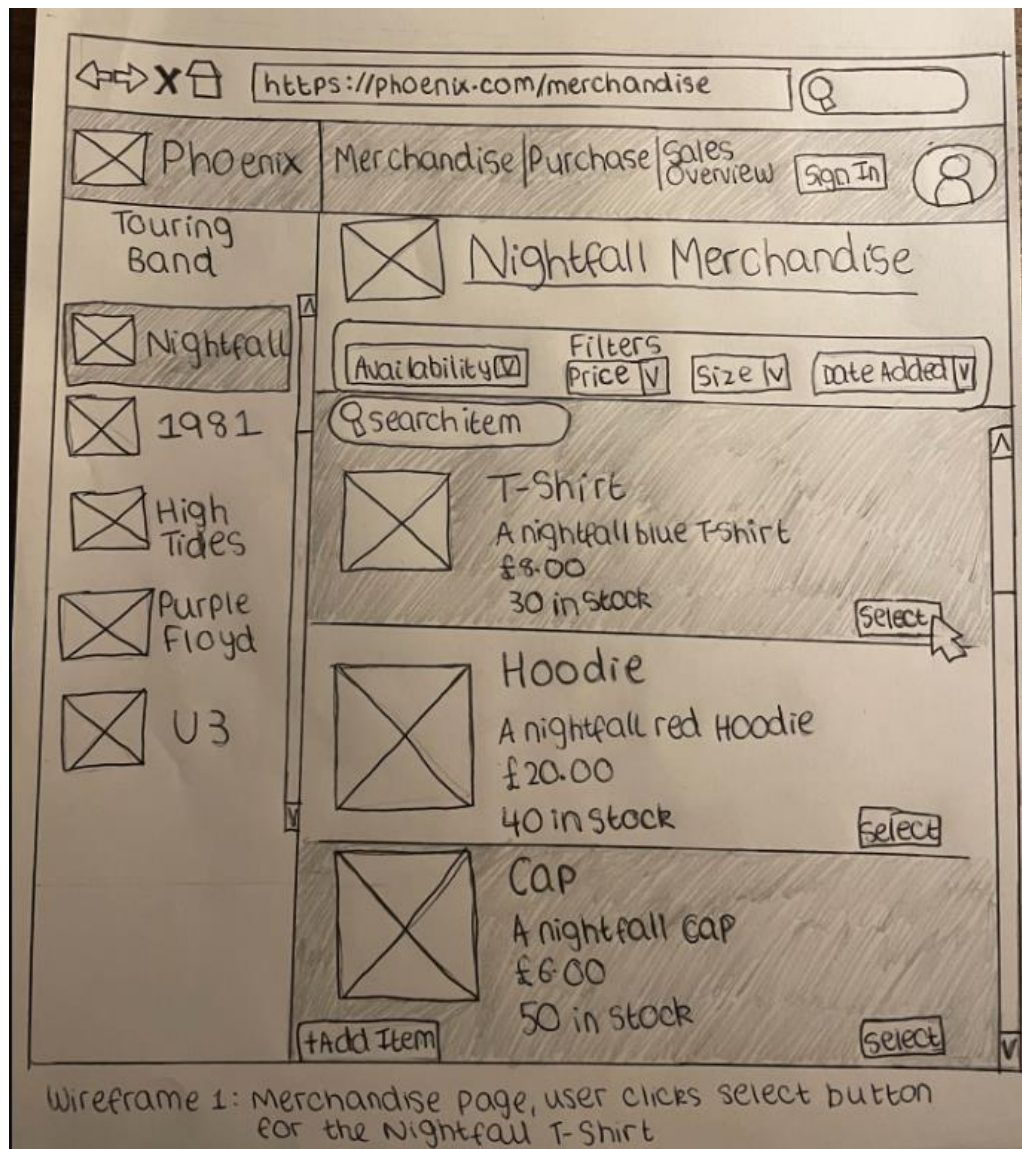

Wireframe 1: Merchandise page, user clicks select button for the Nightfall T-Shirt

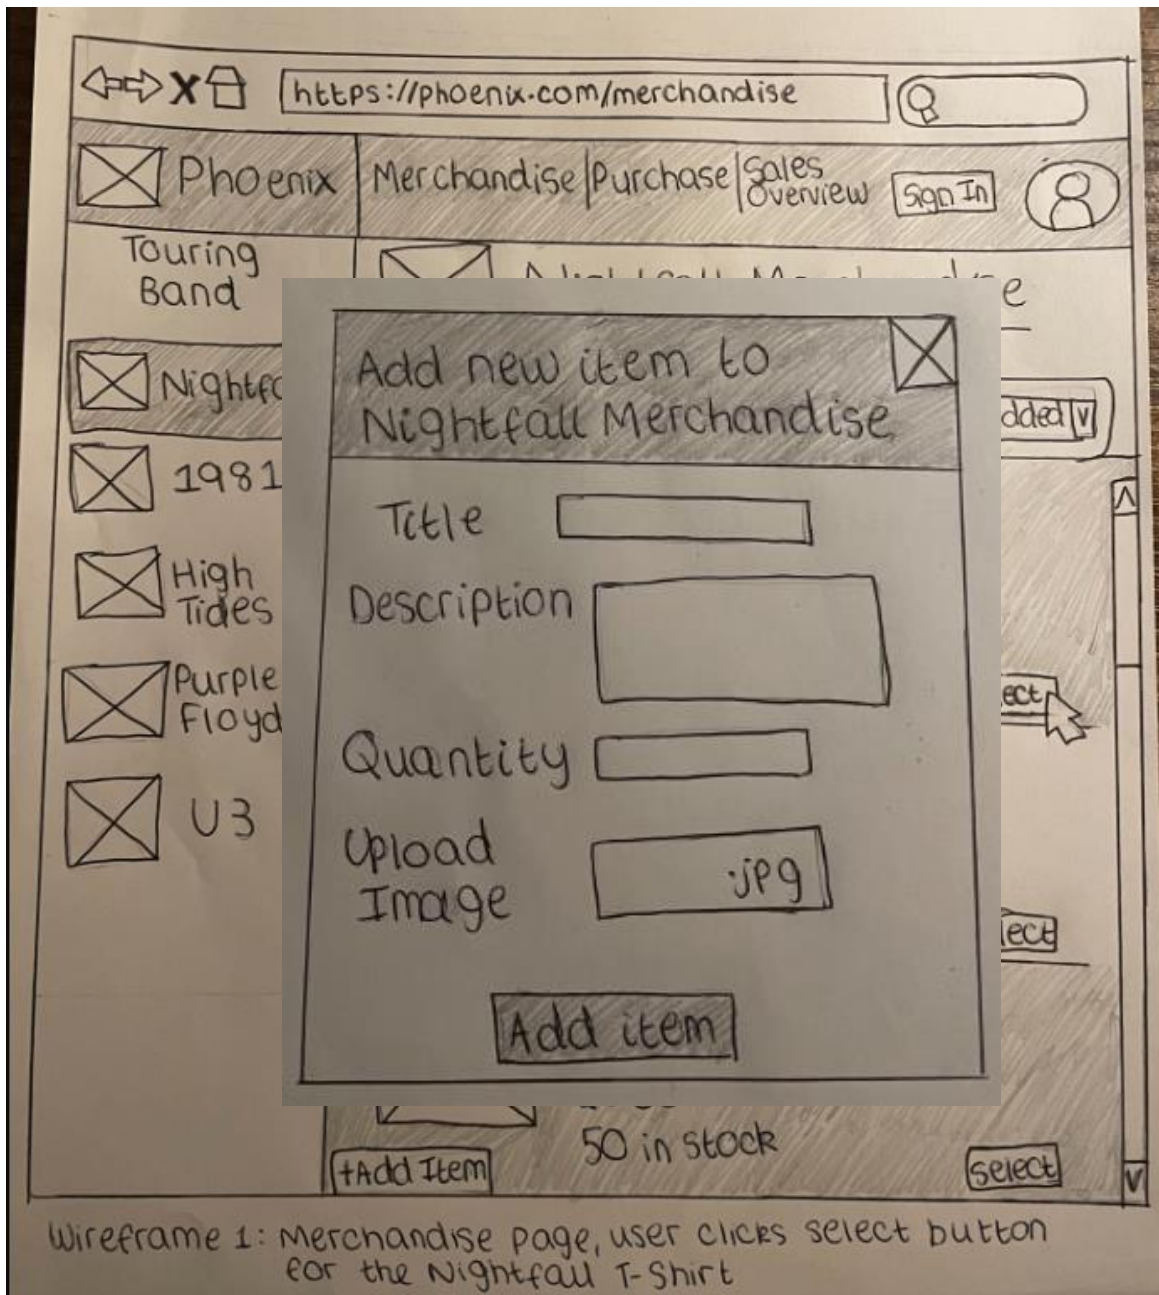

Scenario 1) User clicks select button for Nightfall T-shirt

Scenario 2) User selects to add a new merchandise item to Nightfall's Merchandise

(picture on next page)

(The pop-up window shown above appears when you click Add item)

Pop Up Window on its own

A hand-drawn sketch of a pop-up window titled "Add new item to Nightfall Merchandise". The window has a shaded header area with the title and a close button (an 'X' in a square) in the top right corner. Below the header, there are four input fields with labels to their left: "Title" with a single-line text box, "Description" with a multi-line text box, "Quantity" with a single-line text box, and "Upload Image" with a file selection box containing the text ".jpg". At the bottom center of the window is a button labeled "Add item".
